Overview of Activities

We will be offering a wide variety of activities during the After School Program. As a Fitness Center Program, we will be encouraging participation in several physical fitness activities. We will introduce the participants to new activities and games. During our pool times on Tuesdays and Thursdays we will keep the participants active and energized with pool games. Our Wednesdays will be dedicated to a variety of arts and crafts projects. Our aim is to have a highly structured program to ensure that the children received a diverse experience. We will also allow time for free choice, open swim, and open gym activities.

We hope that your children will join us for an exciting year at the FRC!!
